We are delighted to present to the market this unique opportunity to acquire a stunning frontline coastal property in the highly sought-after area of Playa Flamenca. Situated on the third and top floor of the building, this apartment ensures maximum peace and privacy with the benefit of no neighbours above, offering some of the finest panoramic sea views in the area.

Upon entering, a functional hallway leads to two well-appointed guest bedrooms on either side. Moving into the heart of the home, you will discover a bright, open-plan living area. The modern kitchen flows seamlessly into a lounge-diner specifically designed to capture the breathtaking Mediterranean backdrop at every turn.

The master bedroom is a true highlight—a spacious en-suite that offers the ultimate luxury of waking up to direct, uninterrupted views of the Mediterranean Sea. The property also features a second full guest bathroom.

From the lounge, you have access to a generous balcony with direct, frontline sea views—the perfect spot for al-fresco dining. The residential complex boasts a recently modernised and beautifully maintained communal swimming pool.

As an exceptional added value, the property includes a large double underground parking space in the basement, providing ample room for two vehicles plus a dedicated storage area.
