This beautiful, recently renovated apartment is part of a small and quiet community of only six neighbors.

You enter directly into the spacious living room, which connects to a modern island kitchen. From here, a door leads to a hallway that gives access to three bedrooms and a bathroom located at the end of the corridor, serving all the rooms.

Each bedroom features adaptable... (Ask for More Details!)

Welcome to this modern and stylish industrial-style apartment, located just a short walk from the beach next to Playa de las Jesuitas in Torre de la Horadada.

This beautiful, recently renovated apartment is part of a small and quiet community of only six neighbors.

You enter directly into the spacious living room, which connects to a modern island kitchen. From here, a door leads to a hallway that gives access to three bedrooms and a bathroom located at the end of the corridor, serving all the rooms.

Each bedroom features adaptable, custom made furniture designed to maximize space and functionality. The existing furniture can be expanded or reconfigured depending on your needs. The children's bedroom can easily be converted into a large playroom, while the third bedroom can be transformed into a comfortable and spacious home office. All the furniture throughout the property is of high quality and highly practical.

The bathroom is equipped with underfloor heating, providing additional comfort during the winter months. The apartment also features a home automation system that controls the automated curtains and the bathroom's underfloor heating. In addition, the property includes four televisions and powerful air-conditioning and heating units in every room.

The fully equipped kitchen features a central island with a breakfast bar and a stylish glass extractor hood. From the kitchen you have access to an interior patio, which includes a shower, a laundry area cleverly integrated into the upper cabinets for convenience, and ample storage space. This design also allows excellent cross-ventilation throughout the apartment, preventing humidity and unwanted odors.

From the patio, a removable staircase leads to a private solarium where you can enjoy beautiful sea views.

Located on the top floor and facing west, the apartment has been fully soundproofed and thermally insulated, ensuring maximum comfort and tranquility throughout the year. The property also benefits from a modern home automation system.

The building has recently been renovated by the community of owners and includes a modern elevator and a video intercom system. Community fees are only €400 per year. Suma, 280 Euros al año
